with the beginning of the national socialist dictatorship germany not only experienced a deep political turning point but the private life of germans also changed fundamentally the nazi regime had far reaching ideas about how the individual should think and act in a third reich as i see it janosch steuwer examines the private diaries of ordinary germans written between 1933 and 1939 and shows how average citizens reacted to the challenges of national socialism some felt the urge and desire to adapt to the political circumstances others felt compelled to do so they all contributed to the realization of the vision of a homogeneous conflict free and racially pure society in a detailed manner and with a convincing sense of the bigger picture steuwer shows how the tense efforts of people to fit in and at the same time to preserve existing opinions and self conceptions led to a close intertwining of the private and the political a third reich as i see it offers a surprisingly new look at how the ideological visions of national socialism found their way into the everyday reality of germans

this book examines racism in germany and includes the following essays racisms made in germany without sonderweg to a rupture in civilization between jew hatred and racism the german invention of antisemitism it must come from europe the racisms of immanuel kant antisemitism and colonial racism transnational and interdiscursive intersectionality racist fantasies africa in austrian and german african studies from disagreement to dissension african perspectives on germany purification of the national body racial policy and racial murder in the third reich between race and class elite racism in contemporary germany racism analysis in germany the development in the federal republic series racism analysis series b yearbooks vol 2

from the celebrated historian of nazi germany the story of a remarkable but completely unsung group that risked everything to help the most vulnerable in the early 1920s amidst the upheaval of weimar germany a small group of peaceable idealists began to meet practicing a quiet communal life focused on self improvement for the most part they had come to know each other while attending adult education classes in the city of essen but the bund as they called their group had lofty aspirations under the direction of their leader artur jacobs its members hoped to forge an ideal community that would serve as a model for society at large but with the ascent of the nazis the bund was forced to reevaluate its mission focusing instead on offering assistance to the persecuted despite the great risk their activities ranged from visiting devastated jewish families after kristallnacht to sending illicit letters and parcels of food and clothes to deportees in concentration camps to sheltering political dissidents and jews on the run what became of this group and how should its deeds often small seemingly insignificant acts of kindness and assistance be evaluated in the broader history of life under the nazis drawing on a striking set of previously unpublished letters diaries gestapo reports other documents and his own interviews with survivors historian mark roseman shows how and why the bund undertook its dangerous work it is an extraordinary story in its own right but roseman takes us deeper encouraging us to rethink the concepts of resistance and rescue under the nazis ideas too often hijacked by popular notions of individual heroism or political idealism above all the bund s story is one that sheds new light on what it meant to offer a helping hand in this dark time

why do non jewish football fans chant yid army or wave super jews banners especially in support of clubs that are not jewish the making of jew clubs explores how four major european football clubs fc bayern munich fk austria vienna ajax amsterdam and tottenham hotspur came to be seen as jew clubs even though they have never officially identified as jewish in this transnational study pavel brunssen traces how both jewish and non jewish actors perform jewishness antisemitism and philosemitism within european football cultures over the 20th and 21st centuries drawing on a wide array of primary sources from fan chants

and matchday rituals to media portrayals and club histories the book reveals how football stadiums have become unexpected stages for negotiating memory identity and historical trauma offering a new approach to holocaust memory sports history and jewish studies the making of jew clubs shows how football cultures reflect and reshape europe s conflicted relationship with its jewish past

between ten thousand and twelve thousand jews tried to escape nazi genocide by going into hiding with the help of jewish and non jewish relatives friends or people completely unknown to them these u boats as they came to be known dared to lead a life underground flight and concealment brings to light their hidden stories deftly weaving together personal accounts with a broader comparative look at the experiences of jews throughout germany historian susanna schrafstetter tells the story of the jews in munich and upper bavaria who fled deportation by going underground archival sources and interviews with survivors and with the germans who aided or exploited them reveal a complex often intimate story of hope greed and sometimes betrayal flight and concealment shows the options and strategies for survival of those in hiding and their helpers and discusses the ways in which some germans enriched themselves at the expense of the refugees

bringing together approaches from cultural and urban history as well as german studies and political theory clare copley s probing study reflects on post unification responses to iconic nazi architecture to reveal insights into power legitimacy and memory politics in the berlin republic analysing public debates physical interventions into the buildings and the structuring of the memory landscapes around them the book demonstrates that the politics of memory impact not just upon the built environment of the post dictatorship city but upon the way decisions about it are made in doing so nazi buildings cold war traces and governmentality in post unification berlin makes the case for conceiving of a specifically post authoritarian governmentality and uses the responses to constructions like goering s aviation ministry tempelhof airport and the olympic complex to explore its features

this book and its companion second volume make up a unique history of nazism from 1919 to 1945
